

Who We Are

The Grand Rapids Area Higher Education Network (GRAHEN) is a nonprofit (501c3) consortium comprised of 11 local institutions of higher education that have degree-granting programs for adults.

These schools work collaboratively to promote lifelong learning in West Michigan, foster discussion of issues in higher education, and encourage employers to support professional development of their employees through educational fairs.

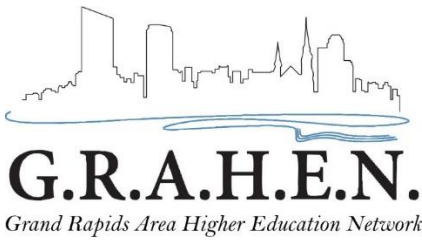

Through corporate sponsorships, educational fairs, and community recognition programs, GRAHEN offers West Michigan employers, employees, and organizations easy, direct access to local educational institutions and information that help them in workforce development and employee retention.

Why become a GRAHEN Community Partner?

- GRAHEN will brand your organization as an employer or vendor of choice in the West Michigan region.
- Increased year-long visibility for your organization at all GRAHEN events held throughout the year, as well as multiple points of promotion on the GRAHEN website.
- Your support reinforces our values in the notion that if we all succeed, our entire city and region too shall prosper!

Please join us moving forward to promote continued lifelong learning in West Michigan.

COMMUNITY PARTNERSHIP OPPORTUNITIES 2020/2021

“To serve and enrich the community as a comprehensive higher education resource that cultivates talent and leadership development in the Greater Grand Rapids area.”
